SASMITA VI P

Chennai, India | +91 6380 346 306 | vi.p.sasmita@gmail.com | linkedin.com/in/sasmita-davey-9a713531b | github.com/sasmita-vip

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate (Expected 2027) with three completed internships in full-stack development, ZOHO business process automation and AI for Sustainability, plus four hackathon projects. Independently built an ERP-style analytics platform with multi-role access. AWS AI/GenAI certified (15+ modules) and Google AI certified (5 courses), with applied exposure to Machine Learning, Generative AI, Responsible AI, Agentic AI and Cybersecurity. Seeking fresher, AI/ML and entry-level IT opportunities.

EXPERIENCE

AI for Sustainability Virtual Intern — Jul 2026 – Sep 2026

1M1B (One Million for One Billion), Virtual | Supported by AICTE, in collaboration with IBM SkillsBuild

- Completed a structured virtual internship on Artificial Intelligence, Responsible AI, Agentic AI and Retrieval-Augmented Generation (RAG), gaining practical understanding of how modern AI systems are designed and applied.
- Explored AI applications for sustainability, aligned with the UN Sustainable Development Goals (SDGs).
- Gained exposure to ethical and responsible AI practices and industry-oriented AI use cases.

Full Stack Development Intern — Apr 2026 – May 2026

Savyasasy Software Solutions, Chennai

- Built Student & Teacher Analytics, an ERP-style web app to track students and teachers, with admin, teacher and student views.
- Independently developed the HTML/CSS/JavaScript front end, Python back end and MongoDB database, with real-time data visualisation.

ZOHO Product Intern — Feb 2026 – Mar 2026

SynProSoft, Chennai

- Developed Masala Enterprise, a ZOHO-integrated business simulation covering purchase orders, inventory and invoice management.
- Gained hands-on experience with ZOHO CRM and business process automation tools.

PROJECTS

- Student & Teacher Analytics: ERP-style web app (HTML/CSS/JavaScript, Node.js) with a real-time analytics dashboard and role-based views.
- Online Food Application: Food-ordering application inspired by Swiggy and Zomato, with a customer note-to-service feature.
- Green Home Planners: Full-stack sustainable home planner with a Python recommendation engine for personalised green-living tips.
- ResQ – Emergency Information & Alert Platform: Full-stack emergency reporting and control-room app (React, Node.js, Express, Axios, Leaflet) with one-tap SOS, duplicate clustering (1 km, 30 min), priority scoring, English/Tamil UI and offline queue with auto-sync.

HACKATHONS

- AASHAV – The Hope 2026, SIMATS (Saveetha), Team Monarchs: Co-developed Sahay, a unified disaster-response platform concept with one-tap SOS, geo-clustering of duplicate reports, priority scoring, a live disaster map and offline-first SMS fallback.
- CrisisCore, SRM Engineering College: Built an emergency reporting and control-room prototype: one-tap SOS, duplicate-incident clustering, priority scoring, live Leaflet map, English/Tamil UI and offline queue with auto-sync (React, Node.js, Express).
- Innobite, M.O.P. Vaishnav College for Women: Developed SkyMind, a prototype government agricultural portal for drone-based farm verification, with farmer record verification and a Leaflet map showing drone flight radius (HTML, Tailwind CSS, JavaScript).
- Smart Grievance Redressal & Service Delay Detector, M.O.P. Vaishnav College for Women: Built an RPA-based prototype that reads application records from Excel, compares days elapsed with SLA limits and flags cases as “SLA Breach Risk” or “On Track”.

EDUCATION

B.Sc. Computer Science | CGPA: 7.76 | M.O.P. Vaishnav College for Women, Chennai — Expected 2027

Higher Secondary (Grade 12) | 63% | T.I. Matriculation Higher Secondary School, Chennai — 2024

Secondary (Grade 10) | 67.8% | D.A.V. Matriculation Higher Secondary School, Chennai — 2022

SKILLS

Programming & Front End: Python, C++, HTML, CSS, JavaScript, React, Tailwind CSS

Back End & Databases: Node.js, Express, REST APIs, ERP-style web applications, MongoDB, Leaflet maps

AI / ML & GenAI: Machine Learning, Generative AI, Responsible AI, Agentic AI, Retrieval-Augmented Generation (RAG), Prompt Engineering, AI-driven Data Analytics, AI for Sustainability, UN SDGs

Cloud: AWS (Bedrock, SageMaker, Amazon Q), Google Cloud (GenAI)

ZOHO & Automation: Business process automation, CRM workflows, ZOHO Creator, Robotic Process Automation (RPA)

Cybersecurity: IAM Fundamentals, Phishing Simulation, Security Awareness

Soft Skills: Communication, Leadership, Teamwork, Adaptability

CERTIFICATIONS

- Google AI Certificate (5 courses) | AWS AI Practitioner (8 modules) | AWS Generative AI for Developers (7 modules)
- Gen AI Assessment, FutureSkills Prime & NASSCOM | AI/ML using Python, IIT Madras & SWAYAM Plus
- Introduction to MongoDB | Financial Literacy
- Forage Simulations: Deloitte (Technology & Data Analytics), Goldman Sachs (Internal Audit), Mastercard (Cybersecurity), TCS (Cybersecurity Analyst), Tata (GenAI Data Analytics)

CO-CURRICULAR & ACHIEVEMENTS

- Deputy Minister, M.O.P. Sansad (2025): Led committee discussions and represented a ministry in an event of 4000+ students.
- Member of Parliament, M.O.P. Sansad (2024) | Green Champions Award (2022 & 2023)

LANGUAGES

English (Fluent) | Tamil (Fluent) | Gujarati (Fluent) | Hindi (Intermediate) | French (Basic)
